## Painted Daisy Section III

## Borders

Note: Yardage given allows for LARGE MULTICOLOR FLORAL border strips to be cut on lengthwise grain (a few extra inches are allowed for trimming). Cutting wide borders on lengthwise grain eliminates the need for piecing and matching the design. Yardage given allows for the remaining narrow border strips to be cut on crosswise grain. Diagonally piece narrow border strips as needed.

## Cutting

## From BROWN PRINT:

- Cut 7, 1-1/2 x 42 -inch border 1 strips

## From GREEN PRINT \#1:

- Cut 8, 2-1/2 x 42-inch border 2 strips

## From RED PRINT \#2:

-Cut 8, 1-1/2 x 42-inch border 3 strips

- Cut 9, 2-1/2 x 42 -inch border 5 strips

## From LARGE MULTICOLOR FLORAL

(cut lengthwise grain - see cutting diagram):

- Cut 2, 8-1/2 x 108-inch border 6 strips
- Cut 2, 8-1/2 $\times 76$-inch border 6 strips
- Cut 2, 4-1/2 x 88 -inch border 4 strips
- Cut 2, 4-1/2 x 63-inch border 4 strips

Diagonal Piecing

## Attach Borders

Step 1 Mark center points along all 4 sides of quilt. For top/bottom borders, measure quilt from left to right through the middle. Measure and mark border lengths and center points on 1-1/2-inch wide BROWN strips cut for borders before sewing them on. Pin border strips to quilt matching pinned points. Attach borders to top/bottom edges; press and trim as needed.

Step 2 Measure quilt from top to bottom through the middle, including borders just added. Measure and mark lengths and center points on 1-1/2-inch wide BROWN strips cut for borders before sewing them on. Pin border strips to quilt matching pinned points. Attach borders to side edges; press and trim as needed.

## Painted Daisy Section III

Step 3 In the same manner, attach 2-1/2-inch wide GREEN \#1 border 2, 1-1/2-inch wide RED \#2 border 3, 4-1/2-inch wide LARGE MULTICOLOR FLORAL border 4, 2-1/2-inch wide RED \#2 border 5, and 8 - $1 / 2$-inch wide LARGE MULTICOLOR FLORAL border 6 .

## Putting It All Together

Step 1 Cut 8 yard length of backing fabric in thirds crosswise to make 3, 2-2/3 yard lengths. Sew long edges together; press. Trim backing and batting so they are 8-inches larger than quilt top.

Step 2 Layer backing, batting, and quilt top. Baste layers together. Quilt as desired. Our quilt was quilted with an allover design.

## Binding

## From RED PRINT \#2:

- Cut 10, 2-3/4 x 42 -inch strips. Diagonally piece strips together. Fold strip in half lengthwise; press. Sew binding to quilt using a $3 / 8$-inch seam allowance. This measurement will produce a $1 / 2$-inch wide finished binding.
